
Meeting Agenda

Public Meeting to Address Water Quality in the Copano Bay Watershed

May 30, 2012
5:30 PM – 7:15 PM

Refugio County Community Center
305 Swift Street
Refugio, TX 78377

The purpose of this meeting is to present Copano Bay Watershed Stakeholders with various frameworks of stakeholder groups to provide guidance on the development of information and management strategies included in the draft Implementation Plan for the Copano Bay Total Maximum Daily Load. Topics discussed during this meeting will be a review of the TMDL process and next steps within that process, and possible organizational frameworks and decision making strategies taken by stakeholders. Stakeholders will then have the opportunity to decide how to structure groups to provide necessary guidance. The meeting will also include an open discussion and the next steps in the Copano Bay Watershed TMDL process.
